December 2007

Dear Friends and Clients of CITYCORP Realty:

Welcome to the quixotic season of winter and Christmas, delivering cold snow to the landscape and fireside warmth to both hearth and heart. Like you, we also will reflect again on that timeless message of Christmas, the hope for peace in our world and love / goodwill to **all** people. That refrain never loses its currency because the need for peace never seems to diminish. So, with you, we will join in hope that peace will prevail and that love may fill the hearts of many.

We have enclosed a little "Christmas stocking stuffer" for you: a pewter key holder. This is no ordinary key holder for one special reason: if your keys are lost or misplaced, the finder only needs to drop your keys in any Canada Post mailbox and they will be delivered by Canada Post to the CITYCORP office at CITYCORP Realty Ltd. expense – as per clear instructions on the key holder. All you have to do is call us and check if your keys have arrived. It is our hope that we might eliminate a potentially stressful experience for you in this manner and provide a little peace of mind. AND, if you wish an additional key holder for that other person in your household who keeps losing his or her keys, feel free to call us and drop by our office. We would be happy to provide you with an additional one – free.

So, please keep yourself safe during this season and we do sincerely hope to see you, if not during the Christmas season, then in the New Year.

Wishing you a truly warm Christmas season – both inside and out,

CITYCORP Realty Ltd
